HAPPY NEW YEAR!!!

Welcome back! I hope that you enjoyed your Holidays and were able to spend some much needed relaxing and fun family time. I know the month of December is always so busy, and I cannot emphasize enough the amazing support team our PTA has in its members, chairpersons, and teachers. Events and programs run so smoothly when a group comes together to each do a small portion of a job. Everything is done for our children and it shows how much the Heritage Lakes School community is focused on family. It is truly heartwarming to be part of such a kind and wonderful group of people. So, thank you all for extending a helping hand, taking on a project, suggesting ideas, and showing up. It all matters!

The New Year begins Treat Days! Once a month from January through May our kiddos will receive a special sweet treat during their lunch times. Order forms will be coming home when we return to school and are due January 6<sup>th</sup>. If you have some time to spare and would like to help distribute, set up or clean up, please contact Julia Jones at [julia827@aol.com](mailto:julia827@aol.com).

Next month the DuPage Children's Museum will be coming to Heritage Lakes! Kindergarten, First, Third and Fourth grade class will experience an in-class learning lab led by scientists from the DuPage Children's Museum. The grade levels and workshops are determined by the science curriculum for each grade level and if it aligns with workshops offered by the DCM. Your child's teacher may reach out to parents in late January to request volunteers for each session.

Our next meeting is on 1/23 at 6:30 pm in the LLC. We hope to see you there!

## ART NEWS

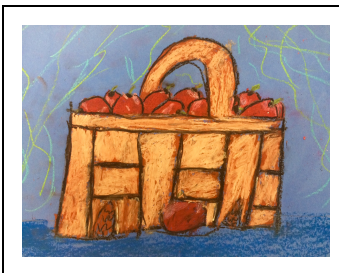

**5th graders** have been working on a flipped classroom. They are learning how to “see” by drawing from observations. The videos have inspired the 5th graders to do some great drawings. We will be binding these drawings together at the end of the unit.

**4th graders** worked so hard on the play this month, congratulations for doing such a great job! They are working on one point perspective drawings in art.

**3rd graders** finished learning about value and shading. They looked at real apples in class and tried to shade them using lights and darks.

**2nd graders** learned about Pieter Brueghel and his ability to create some pictures using “Atmospheric Perspective”, they used great depth in their drawings.

**1st graders** are learning about a famous Grandma name Anna Mary Robertson Moses. Grandma Moses, as she was commonly called created some of the finest examples of American Folk Art. The children are working on a landscape like Grandma Moses showing the seasons of the year.

## MUSIC NEWS

Our Musical for this Month is Rudolph the Red-Nosed Reindeer. The students have been singing Rudolph the Red-Nosed Reindeer, Silver and Gold, and Holly Jolly Christmas.

Students in Grades 3 and 5 have been working on note names in preparation for beginning recorder in January. Grade 4 students have finished their musical, Flakes. They are also now working on note naming for the upcoming recorder unit.

Students in Grade 2 have been working on musical form, AB and ABA. Grade 1 is working on playing and reading rhythms. Kindergarten students continue to work on steady beat and using their singing voices.

Happy Holidays!

## PHYSICAL EDUCATION NEWS

The holidays will be here before you know it! As soon as we return from Winter Break we will kick off our annual **American Heart Association Hoops for Heart** fundraiser; This will be our 15<sup>th</sup> year sponsoring the AHA. Our kick off assembly is scheduled for January 6, 2017. The actual event will take place **February 2nd and 3rd** during physical development class. Look for more information to come in January.

Currently all students grades K-5 are completing a unit in Long Jump Rope. We have spent the last few weeks working with small groups turning the long ropes, jumping in and out of the rope, the Husky Rhyme, egg beaters, and even some double dutch. After Winter Break we will switch gears and focus on individual jump rope skills with all students K-5. Students in 3-5 will be putting together routines for their final jump rope grade using skills we've worked on in class.

**Look for the order form to come home with your child on Tuesday, January 3. The completed form with payment will be due Friday, January 6.**

This PTA sponsored program is not a fund raiser, but rather a chance to make your student feel extra special when she or he receives a treat at lunchtime. Each treat costs one dollar. There will be one treat day a month, January through May of next year.

The PTA looks forward to helping you provide extra smiles to your amazing student in the new year!

DuPage Children's Museum is coming in February!

Any of our students who've experienced an in-class learning lab led by scientists from the DuPage Children's Museum (DCM) will certainly remember the fun, hands-on learning. Thanks to your generous support of the PTA, we are able to again welcome the DCM's science workshops to Heritage Lakes!

The week of February 6, we'll welcome the scientists into four different grade levels:

- Kindergarten: Math in Action

The grade levels and workshops are determined by the science curriculum for each grade level and if it aligns with workshops offered by the DCM.

# **PBIS TIER 2 News**

If you have or had a child in Howling Huskies - remember that the program focuses on the positives. It is OK to ask about a slip-up in behavior, but it is our mission to only record positive feedback on the daily recording form.

Our philosophy is that when we encourage positive behaviors, we “crowd out” less desirable behaviors. We also feel that it is important that students understand that a small slip up in behavior doesn’t have to make the whole day lost.... Your child has the power to “reset” the day.

What kinds of behaviors might result in losing points? A child may have had a problem with shouting out, may have had a contentious interaction with a peer, perhaps they had trouble following directions - normal classroom behaviors that the teacher will deal with in the moment.

When and if your child is on CICO, focus on the positive!
