

# STEAM Camps

SCIENCE, TECHNOLOGY, ENGINEERING, ARTS AND MATH

# Your summer adventure awaits.

**June 23 - Aug 1, 2025**

Day and residential camps for aspiring scientists, engineers and creators on the campus of Northern Illinois University.

### **Day Camps** (Entering grades 2-5)

Explore the STEAM concepts of coding, cryptography, food systems, storytelling and beyond in half or full-day camps.

### **Residential Camps** (Entering grades 6-12)

**High schoolers:** Experience life on a college campus while exploring career paths in a variety of careers such as engineering, health science, media, earth and life sciences, and more!

**Middle School:** Three-day residential camps for middle schoolers to investigate robotics, sustainability, and key STEAM concepts through hands-on learning and immersive experiences held on NIU's campus!

**Early bird pricing through April 15!**
