

CCSD93

Maximizing the academic, social & emotional potential of each student

March 15, 2020

CCSD93 will adjust our guidelines regarding picking up student supplies at schools tomorrow, Monday, March 16. Over the weekend we have made headway on remote learning plans. Those plans will be internet-based. As I'm sure you are aware, government and health organizations have continued to implement more restrictive guidelines and mandates for the public.

For these reasons, we ask that individuals only visit our schools tomorrow to pick up necessary personal medicine and medical supplies that are stored at school, or to pick up a MacBook if the student is in grades 3 through 8. As shared Friday, 3rd through 8th grade students who do not have take-home agreements are invited to take a MacBook home. Others who left them there may also want to come pick them up. We will provide much greater detail on remote learning plans tomorrow via call, text, email, and app push, but please know picking up a MacBook is not a requirement for grades 3-8. Students will not lose credit of any kind at this time if they are unable to access the internet.

We ask that whenever possible, only students enter our buildings tomorrow. Parents and siblings should not enter our school buildings unless absolutely necessary.

Thank you for your flexibility as we continue to do our best to contribute to keeping our community healthy and safe.
