

INSTRUCTIONCURRICULUM - OUTDOOR EDUCATION

The Board of Education endorses an outdoor education program for students in School District 93. The outdoor education program shall be under the direction of the Superintendent. The Building Principal, with the assistance of the teachers, shall organize and implement the program. Generally, the program will take place off campus.

Fees will be charged to students as necessary to cover the expenses of the outdoor education program. The District shall pay for all necessary bus transportation. Local parent associations may share in any additional expenses.
