

## OPERATIONAL SERVICES

### FACILITIES DEVELOPMENT - EDUCATIONAL SPECIFICATIONS

A detailed description of the educational and support functions to be served and the kinds of spaces and equipment that are needed is an important ingredient in the planning of school facilities.

The Superintendent and his/her staff shall provide this information to the Board, giving consideration to the knowledge and suggestions of appropriate personnel. The development of educational specifications, approved by the Board, shall be a prerequisite to the preparation of architectural plans.

Adopted: March 10, 1983  
Revised: June 10, 1999
